Greetings and Welcome to Hartwell Chiropractic and Wellness Center. The purpose of this form is to outline the new patient procedure as well as the charges associated with these procedures.

- (1) The first step is the introductory paperwork. The purpose of the paperwork that you are filling out is so that we can get more acquainted with you your present complaint (s), as well as past health history.
- (2) The next step is to meet with one of the doctors in a treatment rooms. In this room a history, an examination, and treatment will be performed. *The charges for the average history and examination are outlined below.*
- (3) In the treatment room the doctor will also give his recommendations for care (duration of care frequency, scheduled reexaminations, home exercises), however, this may be covered on the second visit. *There may be additional charges for home therapies and equipment such as nutritional support, gym balls, thera-band, wobble/rocker boards, orthopedic supports, and pillows, to name a few. Nevertheless, these are included in the doctor's recommendations and cost of therapies and equipment will be discussed.*
- (4) The last thing that will occur on each patient visit is the check out. At this point, each patient is rescheduled according to the doctor's recommended frequency. This may include massage therapy before the treatment. *In addition to rescheduling, payment will also be collected for services rendered and for the previously mentioned supplies if necessary*.*

Please call the clinic at 503-266-2997 for current pricing of treatment and new patient exams.

Thank you for taking the time to get acquainted, it is our purpose to provide you with a great experience with chiropractic, and again

Welcome!
